Docket No. 98N-1265  
Food and Drug Administration  
5600 Fishers Lane  
Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: The prescriptions I receive greatly  
improve the quality of my life.  
If we cannot get compounds from a local  
pharmacy and are prevented from  
receiving them by mail as well, we  
will be deprived of medications and  
supplements that maintain our  
health and well-being.
